## **Call for strikes and mass protests 5-7 December throughout Iran**

In the continuation of the nationwide protests and strikes in the 11th week of the revolution, students and Neighbourhood Youths of more than 30 cities, in coordination with each other, have called for nationwide strikes and mass protests throughout the country from Monday 5th to Wednesday 7th December. These calls have been circulated across cities and widely published on the social media.

The Worker-communist Party of Iran supports these calls and calls on all people, workers, teachers, students, youths, traders and businesses all over the country to join the strikes and the protest rallies. Our party calls on all Iranians living abroad to show their solidarity with the people inside Iran by holding rallies in different cities around the world from 5<sup>th</sup> to 7<sup>th</sup> December.

The days of 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> December can mark a new resurgence in the Iranian revolution. Workers who have stepped up their strikes in the past few days, the truck drivers who have been on a national strike for the past four days, teachers, students and their families and all the people are expected to join these nationwide strikes and mass rallies.
